

Online Support for Beginning Teachers in Alberta

Are you new to teaching and looking for ongoing professional development?

The *Alberta Teachers' Association* and the *Alberta Regional Professional Development Consortia* are sponsoring a project that will feature webinars designed to support beginning teachers. These webinars can be accessed from any computer with high-speed Internet and will provide an excellent opportunity for teachers new to the profession to engage in professional dialogue on topics of interest to them throughout the year. Links to information, registration and previously recorded events can be found at <http://tinyurl.com/btwebinars>

Topics for 2013 include

- Questioning techniques
- Strategies for struggling students
- Teaching in a culturally diverse classroom
